

Water Meter Fix on August 11, 2010 Will Affect Summerlinn Villa Condos and Estates

Press release date: 2010-08-11

WEST LINN - The West Linn Water Department will fix a six-inch water meter today at Summerlinn Villa Condos and Estates. It is estimated that 300 units will be without water from 9:00 a.m. to noon. This system maintenance project will replace a failed meter with an updated model. The replacement of this meter costs \$3,000. Summerlinn residents are directed to call their property managers with any questions about this system work or to call the West Linn Public Works department at 503-656-6081. Water system maintenance is an important component of the provision of safe and clean drinking water to all West Linn residents.
